At least 10 days before WebPros International GmbH authorizes and permits any new Sub-processor to access data on its behalf, WebPros International GmbH will update this website. Customers, who signed up for the receipt of change notices via www.plesk.com will be informed of changes via email, accordingly. If the Data Controller does not approve such new Sub-processor, then without prejudice to any termination rights under the Base Agreement and subject to the applicable terms and conditions, the Data Controller shall have the right to either reasonably demand an exclusion of the rejected Sub-processor from related processing activities, terminate its Instruction to process data in writing or reject a specific form of data processing in writing towards the Data Processor in order to avoid processing by such new Sub-processor.
